In my world there are sorrows

I'd rather drown in happiness

Come the morning, when the darkness' through

That story's bound to change

CHORUS

And in my world and in my world

It's all the same

Nothing's ventured - nothing's gained

And nothing's lost and nothing's changed

Go and jump aboard the train to freedom

It's a one-way fare

You even find now when the tunnel's through

It's vanished and forgotten you

CHORUS

Turn up the t.v., make the music loud

Better to ignore the rabid dog baying at your door

Draw the blinds, change the channel if you dare

Better to say I don't care

CHORUS

You hear the bell, you know it's time to jump off

'Cause there's nothing at the platform's edge again

It's too late

It's over to you
