Up there on the platform

He is speaking to the people

The people are responding

With clapping and a cheering

But the meaning of the message

Not revealed to those assembled

They're taken for a ride

Taken in his stride

CHORUS

When the generals talk

You better listen to him

When the generals talk

You better do what he say

There's a rumour in the ranking

Someone talking insurrection

So the general has a purge

'Cos he wants to win elections

With the certain satisfaction

That the people are appeased

Long live the revolution

The general's very pleased

CHORUS

Sitting othe fence both ears to the ground

The fat cats still push the thin cats around

CHORUS
