The Used Ft. Kelly Osbourne
Alone This Holiday

Maybe light a candle
Don't say a prayer for me
Feel alone
Cause im gone
I left you
Make Christmas your own

Yeah throw the thought of us away
Youll be alone this holiday

Said it's cold in this town
And there's snow
On the ground
Far from home
Not alone
I left you with nothing
And that's what you owe

Yeah throw the thought of us away
(throw the thought of us away)
Youll be alone this holiday
YEAHHHH!

Maybe light a candle
Don't say a prayer for me
Feel alone
I left you the best times
Make Christmas your own
Yeah throw the thought of us away
(throw the thought of us away)
Youll be alone this holiday

(Kelly and Bert (lead singer of the used)take turns
repeating):
Youll be alone this holiday x7
