And it's all in how you mix the two,
And it starts just where the light exists.
It's a feeling that you cannot miss,
And it burns a hole,
Through everyone that feels it.

Well your never gonna find it,
If your looking for it,
Won't come your way,
Well you'll never find it,
If your looking for it.

Should've done something, but I've done it enough.
By the way, your hands were shaking,
Rather waste some time with you.

And you never would have thought in the end,
How amazing it feels just to live again,
It's a feeling that you cannot miss,
It burns a hole, through everyone that feels it

Well you're never gonna find it,
If your looking for it, won't come your way, yeah
Well you'll never find it, if you're looking for it.

Should've done something, but I've done it enough.
By the way, your hands were shaking.
Rather waste some time with you.

Should've said something, but I've said it enough.
By the way, my words were faded.
Rather waste some time with you.

Time with you... (Echos)
Waste some time with you... (Echos)

Should've done something, but I've done it enough.
By the way, your hands were shaking.
Rather waste my time with you.

Should've said something, but I've said it enough.

By the way, my words were faded.
Rather waste my time with you.

Should've done something, but I've done it enough.
By the way, my hands are shaking.
Rather waste some time with you.

Waste some time with you... (7 times)
