Youve given me, nowhere to go  
Yeah you finally have control  
And if there's a cure  
I don't wanna know cause this poison in me so  
intoxicating  
I was right when I thought you would be back for my  
health  
Keep on telling myself that it's alright  
But now I'm done cause I can't get this taste of my  
mouth  
And I do not attend to try

You suck me in and spit me out  
I cannot control the feeling  
Poisonous kisses from your mouth  
That leave me so addicted

Yeah that's me, nowhere to go  
I have given up control  
Walk in the sun to the sand  
With the one that kills me standing hand in hand  
And well just wait til the day has burned out into the sea  
Till weve finally seen the moonlight  
And then well swim far away from where we hated to  
be  
I was knowing that nothings alright

You suck me in and spit me out  
I cannot control the feeling  
Poisonous kisses from your mouth  
That leave me so addicted  
I let you in you knock me out  
No air is left for breathing  
Poisonous kisses from your mouth  
That leave me so addicted

Yeah you're a part of me, a part I cannot let go  
Your loves so poisoning  
Can't tell, is this a dream?  
Is there a way to wake up?

When I looked up you were the only one around  
I couldn't move and so you pick me off the ground  
Addicted to the poison that I love,

You suck me in and spit me out  
I cannot control the feeling  
Poisonous kisses from your mouth  
That leave me so addicted  
I let you in you knock me out  
No air is left for breathing  
Poisonous kisses from your mouth  
That leave me so addicted  
That leave me so addicted
