The singer finished singing and she's walking out
The singer sheds a tear fear of falling out
And it's hard to say how I feel today
For years gone by, and I cried

It's hard to say that I was wrong
It's hard to say I miss you
Since you've been gone it's not the same

My worries weighed the world how I used to be
And everything (I'm cold) seems a plague in me
And it's hard to say how I feel today
For years gone by, and I cried

It's hard to say that I was wrong
It's hard to say I miss you
Since you've been gone it's not the same

It's hard to say I held my tongue
It's hard to say if only
Since you've been gone it's not the same

Worse than the fear it's the lie you told a thousand
times before
Worse than the fear it's the knife
And it's hard to say how I feel today
For years gone by, and I cried

It's hard to say that I was wrong
It's hard to say I miss you
Since you've been gone it's not the same

It's hard to say I held my tongue
It's hard to say if only
Since you've been gone I'm not the same

It's hard to say that I was wrong
(God, it's hard to say)
It's hard to say that I miss you
(God, it's hard to say)
Since you've been gone

I'm not the same
