[Chorus:]

You the like the type that like that rough shit
Heaven in my hotel, fucking up shit
She let you grab her by the throat, pull her by her hair
Make a bust, full time then I'm outta there [x2]

Bitch I'm outta here
You know how I'm going out,
Body body here, you know that I'm so
I just told her where to go to bitch straight k
Told them like camouflage, it's pure pain
She got blunt red hair, I got a handful
Got me going hard like 100 red bulls
I said baby keep still, let's keep say
She said if that's how you feel, let's keep say
Younger [?] bitch, might be Jamaican
Got her speaking creole, she might think I'm
Pussy so good I eat it for a whole month
From the back [?] roll up another blunt
Suck dick

[Chorus:]

You the like the type that like that rough shit
Heaven in my hotel, fucking up shit
She let you grab her by the throat, pull her by her hair
Make a bust, full time then I'm outta there [x2]

I'm feeling selfish, she is too
Trying to fuck on the first night, she feel too
