

Useless I.D. "Lost in Space"

nothing is left today, nothing is left nothing is left, and I
ask myself where is my cup of lemonade tell me why
doesn't my favorite song is playing where is my friend
when I needed one our favorite song is playing but lost
in space and I can't see your face lost in space nothing
is left today I lost a friend no more late phone calls no
more faith and I sit now and wonder what went wrong
nothing is bright for me anymore nothing is clear for
me anymore and I can't see your face lost in space
nothing is left today, nothing is left nothing is left, and I
ask myself where is my cup of lemonade
