

Useless I.D. "One Way Down"

Visit "[One Way Down](#)" on MotoLyrics.com

I'm covered in the wasted youth
Tied down to the floor
I'm getting tired of the abuse
I'm coming back for more

You gave me wrong directions
On a path to self destruction
No one around us could believe
You wanna let me breath

So there we were
A mark without a trace
So there we were
Remembering

We'll hide away on different grounds
While I keep hanging on, hanging on to you

But there's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only one

There's only one...

You gave me indecision
Every move with your permission
Lost in a world with no sublime
And running out of time

So here were
A mark without a trace
So here were
Remembering

We'll hide away on different grounds
While I keep hanging on, hanging on to you

But there's only one way down
We crush into the past
There's only one way down

We crush into the past
There's only one

There's only one...

One way down
We crush into the past
There's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only one way down

This is the end of the way that I'm feeling (feeling)
Got caught by the words that never had meaning
But I'm hanging on to you

But there's only one way down
We crush into the past
There's only one way down
We crush into the past
There's only one way down
We crush into the past
