Another Congressman gets a raise
And we're still working like slaves
There's only one thing I'm asking for

Fight the rich, Free the poor
Fight the rich, Free the poor
Fight the rich, Free the poor

Well, you know it's hard to make ends meet
Then you find yourself living on the streets
Step right up to the unemployment line
While some corrupt corporate asshole's riding it high
And before you know it you're back in the race
Doing your time in office space
The same old shit you did before
I just can't take anymore

Fight the rich, Free the poor
These are the problems we can't ignore
Fight the rich, Free the poor
They'll take and they'll take I can't give anymore
Fight the rich, Free the poor
Free the poor!

Well, there's no such thing as pride no one is free
When you're living in a corporate country
They'll give themselves raises till they're black and blue
But they won't give a fuck about you
Keep on pushing you into poverty
Just when they're too blind to see
You're the one that they've ignored
And I just can't take anymore

Fight the rich, Free the poor
These are the problems we can't ignore
Fight the rich, Free the poor
They'll take and they'll take I can't give anymore
Fight the rich, Free the poor
Free the poor!

The fat cat keeps getting fatter
They're going to find a way to tax your soul
To them our lives don't matter
We need to fight the rich and take control

Fight the rich, Free the poor
These are the problems we can't ignore
Fight the rich, Free the poor
They'll take and they'll take I can't give anymore
Fight the rich, Free the poor
Free the poor!
