When zero falls
I hope u
Find a place to stay
No pillars can prop u up
They have all crumbled to the ground

I'm so uncertain I'm sure
My zero no different than yours

The dying tide drips her last life
To you she says goodbye
And twist your face
Make a clean break
Where will u go?

I'm so uncertain I'm sure
My zero no different than yours
I'm so uncertain I'm sure
My zero no different than yours
Your saintly veils disintegrate
Where will u go?
Your saintly smile has given up
To you they want to slay.
I'm so uncertain I'm sure
My zero no different than yours
I'm so uncertain I'm sure
My zero no different than yours

The dying tide
A dying tide
Dying time
The dying time.
