2, 3, 4, 5 million dreams
Looking for the thing I need

Do you got what I want?
Do you got what I need, love

Chorus:
I could bring the love
You wanted to have
I could take you to heaven
Please don't say that word I don't wanna hear

2, 3, 4, 5 million things
I need to feel you nere me

Do you got what I want?
Do you got what I need, love

Chorus
I could bring the love
You wanted to have
I could take you to heaven
Please don't say that word I don't wanna hear

Show me the things I wanna have
Just take me to heaven
And I will give you what you want
