Nightmare and Fairytale
Tried to make a go
Grabbin each other hands
At every picture show
She was into infections
He was into directions
She couldn't fake it
Cause she couldn't
Let him go
I want my baby back
But she gone
She helps me pack my bags
I want my baby back
But she's gone
She stabbed me in the back

She was into caring
And addicted to fairies
He stuck his feeling in as far as he could
She was into oppression
He was into obsession
He couldn't make it cause he wouldn't let her go
I want my baby back
But she gone she helped me pack my bags
I want my baby back but she's gone
She stabbed me in the back
I want my baby baby she's gone
I want my baby but baby she's gone

Sweetness and Sunshine
How long will it last
Sweetness and Sunshine
Isn't it a blast

I want my baby back
She stabbed me in the back
I want my baby back but she gone
But she gone she helped me pack my bags

I want my baby baby she's gone
I want my baby but baby she's gone

Oh it's easy
So you see me
Now you know
She has another boy
