At first they give a big break  
Then they fill it up with hate  
At first you want it  
You tell her to get some  
Her tongue will love it  
And then you need it

On the first glance  
You are surrounded  
By the fourth flank  
They carve you up  
With a second chance  
They cut you down

Tapermouth  
With all you love  
Hunt them down  
Destroy their homes  
Make them pay  
Take all their love  
Hunt them down  
Take all their hope

At first they give you a big brain  
Then they tell you you're insane  
At first you want it  
You're willing to steal it  
The world it loves you  
And then you meet it

In a circle chant  
You are surrounded  
By the fourth flank  
They prop you up  
With a second chance  
They cut you down

Tapermouth  
Take all their love  
Hunt them down  
Destroy their homes

Make them pay  
With all their love  
Hunt them down  
Take all their hope

Left over for dead  
She yanked his chain right  
Off his neck  
Left over for dead  
She yanked his chain right  
Off of what was left
