In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around  
We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see

In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around  
We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see

Looking up ahead  
Wondering what's to come  
It's funny later on  
Right now I'm blind  
Do I dare to think  
What went wrong  
I don't even think you'll ever hear this song

Talking on and on  
A fantasy  
Need to get my feet  
Back down to green  
The view is lovely  
When she is there  
High up in the clouds  
I won't say where

In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around  
We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see

He had high hopes  
She had hers  
Never came together  
So he wrote this verse  
Tailing other girls  
That got away  
They haven't spoke in so long  
Part remains

He cleans his closet  
Fixes up his space  
Finds a mix in the note she wrote him  
Seems like yesterday

Maybe someday  
He will see her walking down the street  
Strangers often miss each other  
Hopefully she'll see

In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around  
We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see

In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around  
We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see

In a small town life gets me down  
Got to find a way to lift up this frown  
Need to pay attention set my life straight  
Lay here all day wasting away

Tried to look you up last I was around

We haven't really spoke since our cap n' gown  
I hope that you are there waiting for me  
Because I been hold up here waiting to see
