

Meteors, The

"Last Bus To Sanity"

Visit "[Last Bus To Sanity](#)" on MotoLyrics.com

Fucked up all night fighting with my self
Winning losing at the same time
I've drunk everything and I'm running out of speed
Even quicker I'm running out of time
The last bus to sanity is waiting for me
Now the last bus has gone
I've missed it again

Chopping like a demon making nice straight lines
Charlie's always ready there to help
Living on cigarettes and jet black coffee
I'm a long long way from being well
The last bus to sanity is waiting for me
Now the last bus is gone
Fuck I've missed it again

Deeper deeper down I go sinking through the ground
No ones here to pull me through start clawing my way
out
Got myself a kind of grip it wont last to long
Think I left it a bit to late thinking of this song

The devils all around me smiling in my face
Helping me to kill myself
Nothing to quick it wouldn't be right
I already booked a bed in hell
The last bus to sanity is waiting for me
Now the last bus has gone
Fuck it I've missed it again

(bridge)

Now I'm feeling really good I'm gonna push some more
Now my head is spinning and I'm running for the door

Now the worlds gone milky and the floors gone away
Levitating man what a rush
Gotta find a way to pull it all down
Can't stay gotta catch a bus
The last bus to sanity is waiting for me
Now the last bus has gone
Fuck it I've missed it again
