

Meteors, The "Love You To Death"

Every night I walk around
My feet don't ever make a sound
I spend all night just looking fore you
And when I find you gonna tell you what I'm gonna do

(CHORUS)

I'm gonna love love love you to death
I'm gonna love love love you to death
I'm gonna love love love you to death
I'm gonna love love love you to death
I'm gonna love love you to death

I always loved you from afar
I watch you baby when I'm in my car
But when I spoke to you that day
You just told me to go away

I'm Gonna love love love you to death (X2)
I'm gonna squeeze out your last breath
I'm gonna love love love you to death
I'm gonna love love you to death

One day I'll get you on your own
Maybe when you're walking home
I'll put my arms around your waist
And love you darling while I smash in your face

(Chorus)
