Rain falls

The rain falls on my windows  
And a coldness runs through my soul  
And the rain falls, oh the rain falls  
I don't want to be alone

I wish that I could Photoshop all our bad memories  
'Cause the flashbacks  
Oh, the flashbacks won't leave me alone

If you come back to me I'll be all that you need  
Baby come back to me  
Let me make up for what happened in the past

Come back, baby come back to me  
Come back, I'll be everything you need  
Come back, baby come back to me  
Come back, you're one in a million

Lower East Side of Manhattan  
She goes shopping for new clothes  
And she buys this and she buys that  
Just leave her alone

I wish that he would listen to her side of the story  
It isn't that bad, it isn't that bad  
And she's wiser for it now

I admit I cheated  
Don't know why I did it but I do regret it  
Nothing I can do or say can change the past

Come back, baby come back to me  
Come back, I'll be everything you need  
Come back, baby come back to me  
Come back, you're one in a million

Everything I ever did, heaven knows I'm sorry  
I was too young to see you were always there for me  
And my curiosity got the better of me  
Baby take it easy on me

Anything from A to Z, tell me what you want to be  
I open my heart to thee, you are my priority  
Can't you see you've punished me more than enough  
already  
Baby take it easy

The rain falls  
Let me make up for what happened in the past

Come back, baby come back to me  
Come back, I'll be everything you need  
Come back, baby come back to me  
Come back, boy you're one in a million

Come back, baby come back to me  
Come back, I'll be everything you need  
Come back, baby come back to me  
Come back, you're one in a million
