With you these streets are heaven
Now home feels so foreign
They told me, I was mistaken
Infatuated and I was afraid
To trust my hunches, now I am ready

Daddy, don't be mad that I'm leaving
Please, let me worry about me
Mama, don't you worry about me
This is my story

Through mountains high and valleys low
The ocean, through the desert, snow
We'll say goodbye to the friends we know
This is our Exodus '04

Through traffic jams in Tokyo
New music on the radio
We'll say goodbye to the world we know
This is our Exodus '04

Landscapes keep changing
History teaches something
I know, I could be mistaken
But my heart has spoken
I cannot redirect my feelings
The waves have parted

Daddy, don't be mad that I'm leaving
Please, let me worry about me
Mama, don't you worry about me
This is my story

Through mountains high and valleys low
The ocean, through the desert, snow
We'll say goodbye to the friends we know
This is our Exodus '04

Through traffic jams in Tokyo
New music on the radio
We'll say goodbye to the world we know
This is our Exodus '04

I'm listening to a music never ending
My baby, don't you know I'll never let you down
You've opened me to so many different endings
But baby, I know that you'll always be around

Through mountains high and valleys low
The ocean, through the desert, snow
We'll say goodbye to the friends we know
This is our Exodus '04

Through traffic jams in Tokyo
New music on the radio
We'll say goodbye to the world we know
