When you say thank you to me,
For some reason it hurts,
Like a magic spell
That doesn't get undone even after the good bye.
A hint of bitterness.
The flavor of life

Stuck in the midpoint between friends and lovers,
Like an un-ripened fruit dreaming about the day of
harvest
Because of being unable to move one more step
forward
What's causing this frustration baby?

When you say thank you to me,
For some reason it hurts,
Like a magic spell
That doesn't get undone even after the good bye.
A hint of bitterness
The flavor of life

Sweet talk and tasteless conversations.
It sparks no interest in me
Even when things do not go the way you want
It doesn't mean you've thrown your life away

When asked 'What's wrong?'
I answer 'It's nothing'
The smile then disappears after goodbye
It's unlike me

The more I wish to believe in you,
For some reason it hurts even more
'I like you a lot' instead of 'I love you' sounds more like
you
The flavor of life

The moment when you suddenly remember the scent
of someone you had almost forgotten
I want to be able to openly and honestly cherish the
white purity of the falling snow more

A future tender and warmer than a diamond
I want to grasp it, in this limited time we have, I want to
spend it with you

When you say thank you to me,
For some reason it hurts,
Like a magic spell
That doesn't get undone even after the good bye.
A hint of bitterness
The flavor of life
