Day after day I must face a world of strangers  
Where I don't belong  
I'm not that strong  
It's nice to know that there's someone  
I can turn to  
Who will always care  
You're always there

When there's no getting over that rainbow  
When my smallest of dreams won't come true  
I can take all the madness the world has to give  
But I won't last a day without you

So many times when the city seems to be  
Without a friendly face  
A lonely place  
It's nice to know that you'll be there if  
I need you  
And you'll always smile  
It's all worthwhile

When there's no getting over that rainbow  
When my smallest of dreams won't come true  
I can take all the madness the world has to give  
But I won't last a day without you

Touch me and I end up singing  
Troubles seem to up and disappear  
You touch me with the love you're bringing  
I can't really lose when you're near (when you're  
near)  
When you're near, my love

If all my friends  
Have forgotten half their promises  
They're not unkind  
Just hard to find

One look at you and  
I know that I could learn to live  
Without the rest,

I found the best

When there's no getting over that rainbow  
When my smallest of dreams won't come true  
I can take all the madness the world has to give  
But I won't last a day without you

When there's no getting over that rainbow  
When my smallest of dreams won't come true  
I can take all the madness the world has to give  
But I won't last a day without you

I won't last a day without you..
