*[Chorus:]*

I really wanna tell you something  
This is just the way I am  
I really wanna tell you something, but I can't  
You make me want to be a man  
Arguments that have no meaning  
This is just the way I am  
You really wanna tell me something, but you can't  
You make me want to be a man

The thunder and the rain called you and you came  
We didn't need to say much to communicate  
Now it's different; 99% is misinterpreted

*[Chorus:]*

I really wanna tell you something  
This is just the way I am  
I really wanna tell you something, but I can't  
You make me want to be a man  
Arguments that have no meaning  
This is just the way I am  
You really wanna tell me something, but you can't  
You make me want to be a man

Every word you say finds a home in me

Nothing that anyone could ever say  
Could hurt me like this  
Baby please, don't light that cigarette  
Don't light that cigarette

*[Chorus:]*

I really wanna tell you something  
This is just the way I am  
I really wanna tell you something, but I can't  
You make me want to be a man  
Arguments that have no meaning  
This is just the way I am  
You really wanna tell me something, but you can't  
You make me want to be a man

*[Chorus:]*

I really wanna tell you something  
This is just the way I am  
I really wanna tell you something, but I can't  
You make me want to be a man  
Arguments that have no meaning  
This is just the way I am  
You really wanna tell me something, but you can't  
You make me want to be a man
