On your mark, get set, from the get go  
Out of "Sicko", Indy 500 with 'Compose, spittin' flows  
When I get in the zone, your minds get blown  
Just wanna get a deal, wanna get known  
I'm off to the wizard when I wanna get home  
Remember when we used to get thrown, out the club?  
Now promoters pay to get the Sub  
We squirrels in this world just tryna get a nut  
We want to see your hands get 'em up  
These fans getting down like they can't get enough  
Some rappers act hard but can't get wit us  
Test us, we get the A-grade with the plus  
They say when the going get rough, the rough get  
going, "but"  
These Dickhead Tracy's make moves to get you  
"fucked"  
We started at the bottom, gotta get to the top  
If you don't know the time, its time to get a watch  
I get a lot of inspiration  
I used to get high, used to get drunk, now Allah get the  
praises  
So with this mic I get to say this  
Some of y'all can't rhyme, it's time to get a day shift  
World gettin' ugly, it's time to get a face lift  
Everybody, no body wanna get famous  
Haters getting jealous 'cause Lo gettin' on stages  
Spit a flow, syllables, steal a show, get away wit it  
You got to get yours, I got to get mine,  
Just to get by I'm writin' til my pen get dry  
You know I write black power so you might get a fist  
Rodney King could never get a beat like this
