### "Have You Ever Seen Me"

I've a feeling that I know you (Hear hear! Hear hear  
hear hear!)

Tell me have you ever seen me? (Here here! Here here  
here here!)

I hear, I see - have you seen me?  
For too long I've been here without you (Here here!  
Here here here here!)

Tell me have you ever seen me (Here here! Here here  
here here!)

Words seem out of place, all my life I've known your  
face  
Have you ever seen me, have you ever seen me

A bed of flowers breaking through the concrete (Here  
here! Here here here here!)

Listen everybody I can hear them breathing (Hear hear!  
Hear hear hear hear!)

I hear, I see - have you seen me  
I bet I got a feeling that I know you (Hear hear! Hear  
hear hear hear!)

I got to know - have you ever seen me (Here here! Here  
here here here!)
