I write the songs for the popular masses. Now I'm
asking you what are my chances
It's not a question it's hypothetical, between friends
between strangers
Between us there's no danger. So let it out, (let it out)
let it out (let it out)

(chorus) For all of whatever I am will never understand,
what girls like you like
For all of whatever I am will never understand, what
girls like you like
For all of whatever I am will never understand, what
girls like you like
For all of whatever I am will never understand, what
girls like you like

I'm a sharp guy and I wear glasses, got a tattoo but I
don't kick asses
Dropped out of school cause I don't like my classes
I drink the bud cause I don't smoke grasses
I write the songs for the popular masses. Now I'm
asking you what are my chances
Of us going out (of us going out) Of us going out (of us
going out)

(chorus) For all of whatever I am will never understand,
what girls like you like
For all of whatever I am will never understand, what
girls like you like
For all of whatever I am will never understand, what
girls like you like
For all of whatever I am will never understand, what
girls like you like

Right from the start I gave you warning
Will I still find you in the morning?

I know I'm doing you wrong that's why I'm singing this
song
Out loud (so loud) I'm proud of me
Cause I can see three ways to get you to me:

Head hand Heart.

(chorus) For all of whatever I am will never understand,
what girls like you like

For all of whatever I am will never understand, what
girls like you like

For all of whatever I am will never understand, what
girls like you like

For all of whatever I am will never understand, what
girls like you like

Why do girls like you like me?

Why do girls like you like me?

Why do girls like you like me?

Why do girls like you like me?
