(claude s.)

(peace, love, worth, hope)

Everything inside
Comes to me tonight,
Have you seen my praying?

In this factory
No one here to see me
Smiling at the heavens

Everybody here is breathing
Everybody here is hoping
Can you feel the love flow?

Everybody here is dreaming
Everybody here is calling
Can you feel the love flow?

You will see the sky
Spread before your eyes,
So blue and like an ocean

A sea of hope is here
Just to help you walk,
As we cross the distance

Everybody here is breathing
Everybody here is hoping
Can you feel the love flow

Everybody here is dreaming
Everybody here is calling
Can you feel the love flow?

(repeat)

Everybody lives together in hope...
