You always said I don't know you
I'm not like you
But you don't know what I'm about
I asked you out you jerked me about
And I reacted how I know how

(But now) what about the time I talked to you
(To find out) where we stood and where we stood was
(Drunk and) barefoot on the sidewalk of the 7-11 oh I
was in heaven

(Chorus) I don't know you
And I'm not love by you
And I don't have a void inside me
Shaped like you forged by my hopeless need

So you've come around to town to work where I play
Praying for the day that you'd come around to where I
was with you with
My head on my hands, and you in my heart

(But now) what about the time I talked to you
(To find out) where we stood and where we stood was
(Drunk and) barefoot on the sidewalk of the 7-11 oh I
was in heaven

(Chorus) I don't know you
And I'm not love by you
And I don't have a void inside me
Shaped like you forged by my hopeless need

(Give me the chance) to be a man not just a friend who
understands
if I've got the brains (and the balls) to write this song
from John Denver (Country Road)
I deserve a shot (and you could tell me) to go to hell
and I would go
And write a song there from where I was, just like this
one, written well
and I would call it the song from hell

(Chorus) I don't know you
And I'm not love by you
And I don't have a void inside me
Shaped like you forged by my hopeless need

(Chorus) I don't know you
And I'm not love by you
And I don't have a void inside me
Shaped like you forged by my hopeless need
