Next time you break up, (if you show it) please don't  
make up, (I'll know it, without saying a word) cause I  
can't wait

Cause when I sit at home so lonely I have only one  
thought; a residual visual.  
This song is for the girl so beautiful (that she don't  
know it, don't have to show it off)  
Morning comes I can picture you when you wake up  
You skip the make-up. You come equipped so you don't  
need it.  
You got a grip on me you can't see it

(chorus) And when we wake up, we can make up  
without having a fight  
So why don't you wake up? You need to break up  
That guys a vice and you can't break it  
He's got a grip on you I can't take it.  
But if you'd break up, we could hook up and I can't wait

And it's not so hard to picture you/me together, not just  
at my show  
My void's reshape, I am in sucker heaven. I'll be your  
rock-star yo-yo

(chorus) And when we wake up, we can make up  
without having a fight  
So why don't you wake up? You need to break up  
That guys a vice and you can't take it  
He's got a grip on you I can't take it.  
I got a crush on you I cannot fake it  
But if you'd break up, we could hook up and I can't wait

Imagine lovebirds with stupid code words for sex and  
all the little things  
We'd act like everyday is valentine's holiday: We'd fall  
in love  
And I can't wait

That guy's a habit and you can't break it  
He's got a grip and I can't take it

I got a crush on you I cannot fake it  
Why don't you break up? Cause I won't make it until you  
wake up.

Yeah, I can't wait
