Ritual dancer spins away
Lost in a whirling dervish ballet
Musicians playing out of tune
In perfect harmony

Traveling down the sandy track
Compass in hand, guitar on my back
Trying to find the secret truth
Inside the pyramid

Foxy pharaoh knows all, won't tell
Dangerous knowledge locked in a cell
Method in madness ancient logic
Never ending mystery

Anticipation fills the air
As the natives gather 'round
Watching the fiery sun go down
In the Technicolor sky

Exploding mandala of light
Disappearing into darkness
A stunning sunburst finish
Shatters the horizon

Eye of the sphinx now winks at you
What is he thinking? I wish I knew
Wonder of wisdom
Far above this mortal comedy

Wind of the desert blowing strong
Mist of the ocean kissed by the sun
Tropical splendor
Paradise is calling you away

Make up your mind, don't make a scene
Wake up to find your garden is green
Please take your seat on board
The destination is Utopia

Anticipation fills the air
As the natives gather 'round

Watching the fiery sun go down
In the Technicolor sky

Exploding mandala of light
Disappearing into darkness
A stunning sunburst finish
Shatters the horizon

Echoing across the canyon
Hear the song of the gypsy caravan
Magical voices in flight

Looking for the next oasis
Below the silver shadow moon
Radiant princess of night

Echoing across the canyon
Hear the song of the gypsy caravan
Magical voices in flight

Looking for the next oasis

Below the silver shadow moon

Radiant princess of night

Stay forever, stay for a while
Hypnotized by sight and sound
Empty feelings bring a frown
Only love can make you smile

Stay forever, stay for a while
Hypnotized by sight and sound
Empty feelings bring a frown
Only love can make you smile

Stay forever, stay for a while
Hypnotized by sight and sound
Empty feelings bring a frown
Only love can make you smile
