"The Martyr"

Why, why was I born
To know what I must know
I can see the sky
But I can't see the ground below
Where do I go?

Falling in a trap where traitors wait
Lost love is the bait

But the martyr never knows
He is caught in a dream of his own
When it's over where does he go
Who really knows
Who really knows

Time stands between me and my home
So long ago
I can't stand to wait
But I can't force my body to go
Where do I go?

Crying, he is blind to everyone
And that's how its done

And the martyr never knows
He is caught in a dream of his own
When it's over where does he go
Who really knows
Who really knows

I know in my heart
I could change the world with just this guitar
Who really knows

Falling in a trap where traitors wait
Lost love is the bait

But the martyr never knows
He is caught in a dream of his own
When it's over where does he go
Who really knows
Who really knows
