Be sure when you say go,
because next time it'll be no.
Now i've drawn the line, and I'm fine.
This is no days of our lives, no magic can make you
understand,
only you can realise.
How you've hurt the ones to close to you, watching you
change faces in the night,
I'm still in shock, I'm half in fright.

CHORUS

But it's alright
Mumma's going to hold you now
Since you pushed away, the ones who loved you
Don't you cry, you don't deserve no lullabye
Hush now sleep, with broken dreams

You've got what some long for,
a heart a soul a home a light,
a waste of the poor excuse of a life you lead.
So you're trying, and you're trying and you're trying,
and you'll try to be.
The best person you can be.

BRIDGE

But that man is lies,
you're no wiser
than one barred between the walls of insanity
open your eyes, take a look higher, you've lost me.

CHORUS
