So when will we ever learn?
Emotions put aside how do you feel?
I'm tired of pain, and false rejection.
Now the tables have turned,
I'm headed in the wrong direction.

CHORUS

No more tears can I cry for you
You said I make you proud,
but your jealousy is gettin the best of me
Now it's not just a matter of heart,
love isn't enough to say I'll wait.
I cant wait.

Now I've got what I've always wanted,
I dont know how to feel.
You'd think with 3 years gone past,
I'd understand what real love is.

Now it's hard with rhyming lines
to say tomorrow and not today.
But what it all falls down to,
is i love you.

Chorus

Now I've started where do I begin?
Is this our happy ending?
I've been reading between the lines,
but now I'm confined to
choosing one answer to break or to keep my peace of
mind.
But in time,
will i be left thinking why?

Chorus
