(intro)

Riding my bike to school.
Hoping to do something cool.
But i know i forget something
What could it be?
Now i know
Im not going out,

Not without my skirt,
and you know
thats why always iam happy.
But sometimes sad.
But not without my skirt.

Yeah here we go again
Lalalalalala

Going to a party tonight.
But what i gonna wear?
Not something to serious,
Not something to (talk) crazy?!
I know i wear my skirt!

Not without my skirt,
and you know
thats why always iam happy.
But sometimes sad.
But not without my skirt.

Not without my skirt,
and you know
thats why always iam happy.
But sometimes sad.
But not without my skirt.
