It's never the same  
Since I played with your game  
Now I'm sick with the pain in my heart  
I've got love in my eye  
And you're sucking me dry  
Ahhhhhhhh

I'm stuck in my bed  
And I'm out of my head  
With the streets running red with the blues  
So the Violins play  
And my friends always say  
I'm a fool I'm A Fool I'm A fool

My Angels stop singing till 10 o'clock  
I'm already on my knees  
And it's all because she's money  
Sweet scented honey  
She does it naturally  
Oh I know that every time she hustles by I get a shot  
Girl you stepped right out of my dreams  
But baby I'm a venomous soul I never get it  
Ohh that doesn't matter to me

It's never as fun  
The real works begun  
And I'm comfortably numb  
In the dark  
So I whisper your name  
Till I'm breathing again  
Ahhhhhhhh

There's know where to turn  
See my friends crash and burn  
Now it's too late to learn all the rules  
So the Violins play  
As my hope slides away  
I'm a fool I'm A Fool I'm A fool

My Angels stop singing till 10 o'clock  
I'm already on my knees  
And it's all because she's money

Sweet scented honey  
She does it naturally  
Oh I know that every time she hustles by I get a shot  
Girl you stepped right out of my dreams  
But baby I'm a venomous soul I never get it  
Ohh that doesn't matter to me  
How far should I go?  
I think I'm getting vertigo yer  
Another night and nothing new  
I've got the t-shirts and the new tattoo  
Well I'm looking for a moment with a perfect thrill  
Where people go for pleasure and the fashions kill  
I need a little push into the razor edge  
Mother natures calling from inside my head

My Angels stop singing till 10 o'clock  
I'm already on my knees  
And it's all because she's money  
Sweet scented honey  
She does it naturally  
Oh I know that every time she hustles by I get a shot  
Girl you stepped right out of my dreams  
But baby I'm a venomous soul I never get it  
Ohh that doesn't matter to me
