## "Hold Me"

Sometimes I feel like another brick in the wall  
It's just your attitude that makes no sense at all  
And I want you, want you, want you  
Can't you see I got no inhibitions about you getting with  
me  
Just hear me out, babe  
Hear where I'm at  
Just wanna be with you  
What's wrong with that?  
You had it, all the truth, girl  
It's there for all to see  
It's right before your eyes, girl  
So baby won't ya

Hold me (hold me, baby)  
Day and night  
Yeah, yeah  
Love me (love me, darling)  
Day and night  
I need your love  
Woah, yeah  
I need your love  
I need, I need your love  
Alright

Just stop the talking  
It's all we do  
You gotta understand just what i'm going through  
And I want you, want you, want you  
Can't you see it's my ambition, baby, to have you here  
with me  
You know  
I'm gonna do things to you  
Don't be shy  
Don't worry  
We'll take it slowly  
Oh yeah  
Let you get to know me  
Oh baby won't you

Hold me (hold me, baby)

Day and night  
Love me (love me, baby)  
Day and night  
I need your love  
I need your love  
I need, I need your love  
Alright  
Hold me (hold me)  
Day and night  
Love me (love me)  
Day and night  
I need your love  
I need your love  
I need, I need your love  
Alright

As soon as I saw you  
I knew  
Things were gonna change  
Ooh yeah  
Feeling so confused  
What do i have to do to get the message through?

I need, I need your love  
I need, I need your love

Hold me (hold me, baby)  
Day and night  
Love me (love me)  
Day and night  
I need your love  
Woah, yeah  
I need your love  
I need, I need your love  
Hold me (hold me, baby)  
Day and night  
Love me (bring it all back now)  
Day and night  
I need your love  
Woah, yeah  
I need your love  
I need, I need your love  
I need your love  
I need, I need your love  
I need your love  
So why don't you hold me?
