They kill for a reason

They'll strike anyone

Doesn't matter how old or young

Pay'em big cash, they'll give'em a slash

Explain how it should be done

A shot in the head

The man cut in half

Tortured 'till death

You'll never see him back

CHORUS

Underground killers

They are everywhere

Killing for money

They don't care

Leaving their victims covered with blood

Underground killers

Will make a mess

Whose killing plans have been set

Murdering their victims without mercy

They promise to make it worse

Tell'em their next mission

And they'll give'em death

Burn him alive

A high voltage jolt

A stab in the back

They promise you'll see him dead

LEAD

Slay the victim to death

Dead bodies everywhere

Brutality is their authority

Killers are not afraid of death

CHORUS

Underground killers

They are everywhere

Killing for money

They don't care

Leaving their victims covered with blood

Underground killers

Will make a mess

Whose killing plans have been set

Murdering their victims without mercy

They promise to make it worse

More massacre for the long future generation

Their customers are the only police source of
information

You've paid'em in full

For the dirty job they've done

Now you must die

Like the other ones
