### **"Christmas Valentine"**

Visit "[Christmas Valentine](#)" on MotoLyrics.com

Christmas, every Christmas, is just a state of mind  
It's not about the toys or gifts  
It's about the love you find  
So, when you're passing out your candy hearts  
Please, please consider mine  
And make a Christmas wish to be my Valentine  
Yes, just make your Christmas wish to be my Valentine

Christmas, every Christmas, is such a torrid affair  
The people running all about with ribbons in their hair  
And all I every really want to do is take my own sweet  
time  
With my one and only Christmas wish, my missing  
Valentine  
Yes, please, make your Christmas wish to be my  
Valentine

Christmas, every Christmas, is just a state of mind  
It's not about the toys or gifts  
It's about the love you find  
So, when you're passing out your candy hearts  
Please, please consider mine  
And make a Christmas wish to be my Valentine  
Yes, just make your Christmas wish to be my Valentine
