It seems we've grown apart again.
It seems I lost another friend.
But that's OK, my days are long.
And I still remember our sweet song.

I've told you once, I'll tell you twice.
It's our choice to sacrifice
What we love and what it's worth.
What will die and what will give birth, but...

Chorus:

Over the wild wind blows
Over the ragging sea echoes
"I've changed your mind.
I've changed your mind."
Just ask your heart 'cause it knows
If my love were true, it shows
I've changed your mind.
I've changed your mind.

So, I hear you're doubting me again.
Trying to forget me with your zen.
But, your meditation's just a word
For releasing fear and followin' the herd

I know the tricks of this trade.
Can't fool me with your tongue of jade.
I've been around for a million years
And much too many filled with tears, but...

Chorus:

Over the wild wind blows
Over the ragging sea echoes
"I've changed your mind.
I've changed your mind."
Just ask your heart 'cause it knows
If my love were true, it shows
I've changed your mind.
I've changed your mind.

So, this is how our story ends
Just ask your heart to make amends...
