Originally performed by The Anti Nowere League

Another bloody night  
Another damned place  
My head is fucked up  
I've got another face  
Too many bites  
I feel like on high  
But the hunger's still growing  
So - do you wanna die?

We are the league  
We're extraneous to you  
We are the league  
We are the anti-man  
Without being seen

(So) don't play with me, fool!  
We're league of the hell  
And we are the strong

We are the league  
We are the league  
We are the league  
The anti-christian league

When the moon is round  
We're feeling the pain  
Leaving the crypts  
They are our domain  
Blood suckin' race  
Madness living in the eyes  
No fuckin' mercy  
You won't find it in us

We are the league  
And we are the sin  
We are the league  
And we do always win  
A fuckin' noise  
You don't even know

A mighty ways  
(Still) out of the law

We are giving a bliss  
We are giving extasy  
Eternal live  
No ending fantasy  
Joy on the earth  
Joy in the hell  
Unite with the league  
We're unholy spell

We are the league  
And we are insane  
We are the league  
And we have not the name  
Without the souls  
Our bodies supreme  
I'm coming to bite  
You know, what does it mean
