Any kind of fool with the will to live.  
Tries to get it right with the one they're with.  
But even though I give you special treatment,  
you keep getting high juvenile delinquent.  
And this is how it feels to be,  
on the payroll company.  
Your every scene is in the round,  
and all the men are falling down.  
Constantly harrassed and misunderstood.  
I'm the 'lost and found' of the neighbourhood.  
And I am not a part of society.  
So don't get off the ground just be with me.  
I would brave a rainstorm in my car.  
Maybe you can leave but you won't get far.  
It wasn't just a dream it was much too good.  
Just another day in the brotherhood.  
And this is how it feels to be,  
on the payroll company.  
Your every scene is in the round,  
and all the men are falling down.  
And this is how it feels to be,

on the payroll company.

Your every scene is in the round,

we don't need to hang around
