You just can't believe me

When I show you what you mean to me

You just can't believe me

When I show you what you cannot see.

You're hiding from feelings, searching for more

Sharing and hoping, untouched for so long

Our lives still change from the way that we were

And now I'll tell you something I think you should know.

You just can't believe me

When I show you what you mean to me

You just can't believe me

When I show you what you cannot see.

You cause me confusion, you told me you cared

He's calling these changes that last to the end

Ask me no questions, I'll tell you no lies

The past is your present, the future is mine.

You just can't believe me

When I show you what you mean to me

You just can't believe me

When I show you what you cannot see.

You tell me you need me, I'll make it this time

The thread won't divide us, the sensation survives

I was sure that I told you it was good from the face

You've caused me some problems, you've taken my
place.

Why can't you see what you mean to me
