Crystal

We're like crystal, we break easy

I'm a poor man if you leave me

I'm applauded, then forgotten

It was Summer, now it's Autumn

I don't know what to say

You don't care anyway

I'm a man in a rage

with a girl I betrayed

Here comes love, it's like honey

you can't buy it with money

you're not alone anymore

shock me to the core

you shock me to the core

We're like crystal, it's not easy

With your love you can't beat me

Every man and every woman

(And every woman)

Needs someone

So keep it comin', keep it comin', keep it comin'

keep it comin', keep it comin', keep it comin'

I don't know what to say
you don't care anyway
I'm a man in a rage
with a girl I betrayed
here comes love, it's like honey
you can't buy it with money
you're not alone anymore
shock me to the core
you shock me to the core
