Cast into the fire  
Banned by the light  
Worship and listen to me  
Condemned in his mind  
In his evil place  
Your fate is all that you'll see  
I am the one  
To show you the path  
Salvation is in the fields  
Listen up children and follow me  
Or I'll let you pay the price  
Of Malachi!  
Disciples of the watch  
OBEY!  
Or I'll burn you to that cross!  
Holding the mass  
The demon is cast  
To resurrect your soul  
Calling to him  
Is like an evil sin  
A prophet is what they're told

Taking the land under command

Killing friend or foe

Feel the might of his evil wrath

Desecrate your soul!

Disciples of the watch

OBEY!

Or I'll burn you to that cross!

Cast into the fire

Banned by the light

Worship and listen to me

Condemned in his mind

In his evil place

Your fate is all that you'll see

For I am the one

To show you the path

Salvation is in the fields

Listen up children and follow me

Or I'll let you pay the price

Of Malachi!

Disciples of the watch

OBEY!

Or I'll burn you to that cross
