Every second counts

When I am with you

I think you are a pig

You should be in a zoo

I guess I should've known

I'd end up on my own

Every second counts when I am with you

Every second counts

Every little counts

When I am with you

You make me feel so good

I never felt so new

I saw you long ago,

Though you never let it show

Every little counts when I am with you

Every little counts when I am with you

Every second counts

When I am with you

Even though you're stupid

I still follow you

The smile upon your face,

It always stays in place

Every second counts when I am with you

Every second counts when I am with you

Every second
