On a thousand islands in the sea
I see a thousand people just like me
A hundred unions in the snow
I watch them walking, falling in a row
We live always underground
It's going to be so quiet in here tonight
A thousand islands in the sea
It's ashame
And a hundred years ago
a sailor trot this ground I stood upon
Take me away everyone
But, it hurts thou
From my head to my toes
From the words in the book
I see a vision that would bring me luck
From my head to my toes
Through my teeth, through my nose
You get these words wrong
You get these words wrong
everytime
You get these words wrong

I just smile

But, from my head to my toes

From my knees to my eyes

Everytime I watch the sky

For these last few days leave me alone

But, for these last few days leave me alone

Leave me alone

Leave me alone
