Once in a while I need a friend,
so why won't you let me recover?
It's just a moment in your life,
but sometimes we divide each other.
Maybe we could find the time.
Eliminate what's on your mind.
We'd do everything we could,
our presence in the neighbourhood.
We could break every rule,
anytime we wanted to.
Don't be afraid to live this way.
Let's defend the things we say.
I want to be up in the air.
I could be anywhere.
Tell me I'm wrong, at least till tomorrow.
Set me free and I will follow.
Maybe we could find the time,
to elevate what's on your mind.
Recreate for me and you,
a master plan just for two.
Elevate what's on your mind.

Eliminate what's on your mind
