Turn my Way

Take my hand

and don't let go

Trust this man

And let it flow

Don't take me down

Cause I'm not done

Don't steal my crown

The wide expanse

The wheel of chance

Will turn my way

The sky will not be grey

I don't wanna be like other people are

Don't wanna own a key, don't wanna wash my car

Don't wanna have to work like other people do

I wanted to be free, I wanted to be true

Take my hand

And don't let go

Trust this man

And let it flow

A drink at every bar in town

I fill my cup when I was down  
Saw the things I wanted to see  
Became the man I wanted to be  
But then somehow I lost my way  
i've got to get back here today  
I don't wanna be like other people are  
Don't wanna own a key, don't wanna wash my car  
Don't wanna wake at night, or wait until it's light  
I wanted to be free, I thought that I was right  
I thought that I was right  
I thought that I was right  
I thought that I was right
