Where the hell are you now?  
Why you been so quiet?  
By proving you're strong, you're proving me wrong  
You're losing my heart

And I know you're scared  
And you've been crying  
And the presence of him won't do half what mine did,  
but go ahead keep trying.

I don't know how long I'll be waiting  
The time apart makes me miss you so bad  
You know me babe and you know when I mean it  
I'm waiting on your call praying to hear you ringing

I know I'm always trying to steer you towards me  
But that shouldn't get you mad,  
baby, all that says is you bring out the best in me  
I never wanted to bring you down; stay up in the sky  
And when I pass you by I'll hold onto you tight;  
by then I think we'll be all right
