Black cities hidden in the dark  
Among the waters beneath the seas  
Horrible thoughts destroy the minds  
Through the endless nights  
You don't know what's to come  
While I'm chanting incantations  
Stay away and don't play with this  
You'll never understand  
Buried in the frozen seas  
Tombs of forgotten gods  
Who came forth from blackened stars  
A breath of centuries here  
A different, inconceivable cult  
Shreds of the eternal, endless circle  
Gates to hell for chose ones  
Awake from morality  
You don't what's to come  
While I'm chanting incantations  
Stay away and don't play with this  
You'll never understand  
And you never understood  
This is not death - which can eternal die  
But with the strange eons - even death may die  
Words written long ago - in scred book of night  
The lethal ominous powers - eclipsing all the light  
The breaking, unseen ice - a deadly fates anger  
Nightmarish ghosts - spectre and souls  
The burning fire brands - in every open mind  
And eyes shattered - Of timid fools  
Madnes is a strange blessing  
If understand nothing  
That's better to be dead  
When the gods soon descend  
Awaiting in horrific peace  
The master of all is dozing  
His time hasn't yet come  
His tour remains unknown  
You don't know what's to come  
While I'm chanting incantations  
Stay away and don't play with this  
You'll never understand  
Never
