Eternal lust created by the ancient gods  
Waked up me once again  
My stinkin' corpse abandoned the crypts  
I waited for this night in

I'm doomed to transmigration of souls  
My sufferin' remains and increases  
I can't live and die at rest  
My life in death is my fate

Terrible curse that blinds my eyes  
Fetters of death make me a slave of my cry

Reincarnation through the ages  
Made me a God for the mortals  
I bear the cross for next sacrifice  
To break out of the curse

The endless hunger of human life  
And bloody lust to kill  
Eternal hate of light and day  
Made me a Prince of Night

Terrible curse that blinds my eyes  
Fetters of death make me a slave of my cry  
I'll be back  
You will die

Mortal visions in your head create your fear and haunt  
your mind  
Secret fluids from the past break into brain - you're  
insane  
My damned life is reborn in your flesh  
I am your soul  
Now you are me

Secular powers of immensity  
Freeze your eyes and putrify your blood  
Breath of the ages destroys your will  
Opened gates of time absorbe your life

In your veins now floods grubby rot

You're deathlike carrion infected with me

Lust and pain  
You feel that in your spoilt flesh  
Death has broken into your mind  
But you're alive

In your veins now floods grubby rot  
Your life depends entirely on me

I remember Adam and Eve and time of deluge  
I has seen the burning of Sodom and fall of Rome  
I was Jesus Christ and man consecrated my name  
My unholy ghost is damnation of the livin' Hell
